

THE WHITE HOUSE  
WASHINGTON

May 5, 1962 :

WEEK END READING

1. An excellent one-page summary of the CENTO meeting from the Secretary. This seems to me to set our CENTO policy in a clear and practical light. *Sec 12.*
2. A one-page report on radio transmitters for King Saud which shows that we are not at fault here. We are needling Saud separately on his failure to respond to your suggestions that he need not be more Catholic than Pope Nasser in his attitudes toward foreign Jews. *lt 4/27/62 - filed "Saudi Arabia"*
3. An interesting report of Finto-Cuban conversation in Havana. My own guess is that Fidel is not ready for anything serious in this connection. *"Rio de Janeiro 2977" } ~~2977~~  
2m. Rio 2577. } "Brazil"*
4. A CIA report on the French Nuclear Weapons program. *lt 2 to CVC.  
CIWK. lt 4/20/62*
5. The latest from George Kennan.  
*BELGRADE 1459 - lt 5/3.*
